VOLUME 2 NO. 32

NOVEMBER 19, 1971

VICE PRESIDENT HONORED

Dr. Roy L. Lassiter, vice president and dean of faculties, has been named a visiting scientist in the geophysics program of the American Geophysical Union. As a visiting scientist, he will deliver a series of lectures for a week in April, 1972 at several institutions, including Lake Forest College in Lake Forest, Ill., DePaul University in Chicago, and Wayne State University in Detroit.

His public lectures will deal with "Trade-offs in the Development and Use of Water Resources", while his scientific lectures will be entitled, "Modeling and Computer Simulation in the Development and Use of Water Resources."

AIR POLLUTION HEARING

Florida's Department of Pollution Control is about to begin phase two (control and abatement of air pollution) of its program to clear Florida's air. The Department has published and made public an "implementation plan" which sets forth the methods by which air pollution will be controlled in order to reach the air quality standards already established.

It has now scheduled public hearings to hear citizen approval or criticism of the plan. The Jacksonville hearing will be Nov. 30 (Tues.) at the Hilton. There will be two workshops: 9 a.m. to 12:30 p.m. and 7 p.m. to 9:30 p.m. in the Ball Room. If you are interested in attending one of these workshops, register with Mrs. Carol Malphurs in the Office of University Relations and Development. Programs and background information will be sent to you.

CHRISTMAS PARTY PLANS

To accommodate the growing UNF family for the annual Christmas party, something other than President Carpenter's living room was needed! Hence, the big "wing-ding" will be at the Jacksonville Art Museum party room, December 1 (Sat.) from 8 p.m. to 1 a.m. The Art Museum is located off of Art Museum Drive (figures...) in back of Boulevard Center. Refreshments (eat-type) will be furnished but BYOB. A juke box will provide a variety of music. All of this costs money, so there will be a charge of \$3.00 per couple which can be paid to

Nancy Higginbotham before Dec. 6. Hope everyone will join in the Yuletide "spontaneous" get-together!

MOVIN' DATES
ESTABLISHED

Real progress is being made on the campus site these days! The concrete columns are being poured and the foundation and supports for our building complex have taken form. Architects Reynolds, Smith and Hills have given target occupancy dates for the buildings. The administrative offices and library should be ready on July 6, 1972 and classrooms and laboratories September 6, 1972. The time is nearing. Keep the faith!

LOST AND FOUND

An original and several copies of a document for a PFC John Levy, III, United States Army, were left in the Xerox room Tuesday, Nov. 16. They are important papers so anyone knowing to whom they belong please contact Jackie Briggs in public relations immediately.

CAMPUS SECURITY ON
DUTY

Three police officers from the Jacksonville Police Dept. are now patrolling our campus site to discourage hunters and trespassers on our property. EVERETT E. THORBORN, ROBERT L. ERVIN, JR., and JAMES C. TOMLINSON are our added security forces, working OPS for the physical facilities department.

OTHER NEW FACES

MRS. EILEEN M. PERRIGO, new secretary II in the College of Arts and Sciences is familiar with the new university scene. She came to us from the University of West Florida in Pensacola, where she was clerk-typist in the professional education department.

Information systems has a new student assistant--MRS. DELORIS HAWKINS. Mrs. Hawkins is a freshman at Florida Junior College.

Formerly with the University of South Florida, MRS. CAROLE CARTER, is the new clerk-typist II in the personnel department. She attended the University of Alabama for two years.

DR. YESSIN ON
THE MOVE

Dr. Gerson Yessin, chairman of the department of fine arts, will attend the annual meeting of the National Association of Schools of Music in Boston, Nov. 20-24. This is the major accrediting association for music in higher education.

BEST WISHES TO
WENDY

Wendy Price will be leaving the staff today to go with her husband to Newark, N.J. We'll all miss her, but wish her the best.
