During the coming year, let us continue the theme of "Gardening for Tomorrow" and keep up the good work started by last year's administration of making our entrances say "Welcome"

MANDARIN

There's a little village tucked away
Where happy memories chance to stray
Nestled under skies of bluest blue
Like some vision that comes to you
Of a magic garden — untouched it seems
A tranquil peace its beauty means
By silent waters that ever flow
Little "white caps" in the sunlight glow —
Seagulls in their southward flight —
Wings like sails in the early light
Pause for homage gracefully
As they fly out to sea.
The moss-covered oaks centuries old
Stately pines and sheltering palms unfold
Honeysuckle clings to fences small
And yellow jasmine to tree tops tall.
Orange blossoms with fragrance rare

Waft their perfume through the air.
Golden butterflies in the sunlight play
Birds sing sweetly — it's always May;
You hear the whippoorwill to his mate call
At the close of day when shadows fall.
The setting sun when the day is old
Its radiant colors slowly unfold.
Over St. Johns with its water blue
Comes a rainbow tide, then a crimson hue.
In the distance the city, its twinkling light
Across the river at the fall of night.
The starlit heavens seem so near
Like silver stardust millions appear.
Mandarin at sunset on old St. Johns
Holds me close with tender bonds
For God's beauty is everywhere —
A setting of gold — a setting rare.
