

UNF TRANSPORTATION AND LOGISTICS FLAGSHIP

# DUPUY SILO & QUALITY LAB FACILITY TOUR

FRIDAY, NOVEMBER 4  
BUS DEPARTS | 8:45 A.M.  
RETURNS | 12:15 P.M.

Completed in 2005, Dupuy Silo is an ultra-modern processing facility that offers bulk handling, cleaning and blending of imported green coffee beans.

Dupuy operates 300,000 square feet of warehouse space used to receive and store green coffee. All beans roasted by Kraft Foods' Maxwell House Coffee Plant in Jacksonville come through Dupuy.

Dupuy operates a state-of-the-art lab used to taste test the blends and assure quality.

Transportation is provided, but space is limited.  
Open to all UNF students. E-mail [lynn.brown@unf.edu](mailto:lynn.brown@unf.edu) to RSVP.
