Members of the campus community who are currently experiencing symptoms, have been tested for COVID-19, have recently traveled, taken a cruise or have been in close contact with someone who has COVID-19 need to self-isolate and avoid contact with others during a period of 14 days, even if you have no symptoms of illness.

Students and employees who are exhibiting symptoms associated with the [published symptoms of COVID-19](#) or have been recently tested (or have been in close contact with someone experiencing symptoms or tested for COVID-19) should submit a self-reporting form and self-quarantine for the 14-day period. Please complete the appropriate self-reporting form below. The first one listed is for students; the other is for faculty/staff. When in doubt about whether to complete a self-reporting form, please complete the form as we would prefer more rather than less information to help keep the community safe. Please monitor temperature and symptoms 2 times daily using the [14-day self-isolation observation form](#).

**Students** who need to self-quarantine should reach out to their professors to arrange ways to complete their academic obligations remotely as well as call [UNF Student Health Services](#) at (904) 620-2900. We are also asking all students who self-quarantine to fill out UNF's online [Student Self-Reporting Form](#).

**Faculty and staff** who need to self-quarantine should contact [UNF Human Resources](#) at (904) 620-2903 to ensure proper designation of leave and receive important information about work arrangements. We are also asking all employees who self-quarantine to fill out UNF's online [Faculty and Staff Self-Reporting Form](#).
