### HOUSING LIST COMPILED

Interested students and staff now have at hand a survey of available area apartments compiled by the office of the Dean of Students.

Dean William Baggett and Barry Chambers, student assistant in student services, conducted the limited survey with the help of the Beaches Chamber of Commerce and the Jacksonville Apartment Association. The list of available housing includes rent scales to aid students in finding housing suitable to their budgets.

The Jacksonville Housing Authority identified a new low income housing complex under construction west of Southside Blvd. as possible student housing. However, students must meet certain low income qualifications. Moreover, the waiting list is already long, and the project won't be completed in time for the UNF opening.

A Gainesville firm experienced in providing apartments for University of Florida students purchased approximately 100 acres of land adjacent to the UNF campus. While discussing student housing with Dr. Baggett, a representative of the firm indicated a desire to provide reasonably priced one-, two-, three- and four-bedroom apartments for UNF students, staff and faculty. The complex as planned will include meeting and party rooms, swimming pools, and laundry facilities. Opening date is set for January of 1973.

Dr. Baggett stresses that any staff member having information on housing available for students should contact his office.

### JO MOBLEY FIRST WOMAN TO ADDRESS LIONS CLUB

The framed certificate of appreciation hanging in the home of Mrs. Jo Mobley was awarded to her by men who treated her "like a queen."

Mrs. Mobley, secretary in the College of Education, was presented with the certificate Wednesday after being the first woman ever to address the Downtown Lions Club.

Mrs. Mobley spoke to the group on "The World of NSA" (National Secretaries Association,) which is sponsoring National Secretaries Week, April 22-28. She told the men that the purpose of the week is to recognize the "vital role secretaries play in business, industry, education, government and the professions."

She is one of eight secretaries NSA has scheduled to speak to civic groups in the area this week and next week.

DR. BAGGETT'S

The UNF governance concept based on the Carnegie Report will be the subject of a seminar conducted by Dr. William Baggett at a meeting of the Southern Universities and Colleges Student Government Association in Miami today and tomorrow.

Dr. Baggett will conduct seminars both today and Saturday and introduce the speaker at the banquet this evening.

DR. ALLEN  
REVIEWS TEXAS  
SCHOOL

Once again the experience and ability of a UNF staff member was called upon for an educational evaluation.

Dr. John S. Allen, special advisor to the President, was asked by the Southern Association of Colleges and Schools to serve on a team reviewing the accreditation of Texas Woman's University in Denton, Texas, last week.

NEW FACES

Four new faces were missed in last week's Mariner. They include two new student assistants, SANDRA MELSON, in student affairs, and ARNOLD A. WOOD, Jr., in the library. Sandra attends Florida Junior College and Arnold attends Jacksonville University.

ANTHONY WILLIAMS, motor vehicle operator II, will drive the mobile unit for the Office of Continuing Education. Anthony attended the United Electronic Institute and was previously with the Jacksonville Shipyard. You've seen Anthony playing with Ben Campbell's children in the UNF poster titled, "Two Good Reasons Why...".

RALPH SCOTT JONES is the new mail clerk in the physical facilities office. He was with Dacon's Inc. before joining the UNF.

The library has the monopoly on the new faces this week. MRS. PAULA COAR, a former Head Start teacher assistant, is a new library assistant.

SHERMAN L. ARNOLD and EVA EVANS have come on board as students assistants in the library. Sherman is a student at Edward Waters College where he was once security chief. Eva attends Florida Junior College.

The instructional media center has taken on an electronic technician II. DANNY YOUNG is former failure analyst with Honeywell, Inc. He attended Ampex and Sony video institutes.
