GROUNDBREAKING: A FAMILY AFFAIR

The model and artist's conceptions of Phase IB of the building program make clear that we do indeed have a momentous occasion coming up in the official groundbreaking ceremony next month.

All members of the University of North Florida "family" are, of course, urged to be there, play host and hostess to the many guests we expect, and experience the feeling of pride in our growth.

Please submit lists of those you wish to receive formal invitations to Mrs. Barbara Williams in the university relations and development office as soon as possible.

WANDA, THE FLYING WONDER

Wanda Wade, systems analyst in information systems and part-time aerial photographer, got a bit windblown Thursday. That's what you get when you're hanging out the window of a Piper twin-engine plane flying 500 feet over Jacksonville at 80 miles an hour. Wanda was "on assignment" to shoot some color pictures of the campus site and surrounding areas. The slides will be part of a slide show to be presented to the Board of Regents at its meeting August 20.

A student pilot, Wanda piloted the plane herself when she wasn't snapping pictures. She has her written tests and "check out hop" to pass before she receives a pilot's license.

LUNCHEONS LIVE

Tabulation of the votes on the luncheon ballot resulted in an upholding of the status quo. Of 90 ballots distributed, 70 were returned. Forty-eight persons voted to continue the luncheons and of these, 40 signed up to bring something.

Twenty-two persons voted to discontinue the luncheons, but four of these offered to bring something if the luncheons were continued.

Considering the results, the luncheon committee decided to maintain the monthly luncheons. A sign-up sheet will be placed at the switchboard area two weeks before the day of the luncheon each month. There also will be a can placed in this area for those wishing to donate money rather than food.

COFFEE DIES

The executive council decided last week to discontinue the coffee service. (The overload on our already strained electrical system was deemed too great.) The cost and preparation needed for a coffee vending machine is being researched by Mr. Ward Hancock, director of administrative services. If acceptable, a machine will be installed approximately Sept. 1.

PARTY REMINDER

Don't forget to make plans to be at the Spontaneous Ground-breaking Party, Saturday, Sept. 18 at the Regency Lakes Apartments Clubhouse. Fill out the form at the bottom of the memo you received and give it to Wanda Wade in information systems...now! An advance estimate of attendance is needed to make the final plans. It should be a real celebration...don't miss it!

MONEY FLOWS FROM UNF

According to Jim Haywood, dean of administrative affairs, the University of North Florida is pumping thousands of dollars into the Jacksonville community.

In the year ending June 30, 1971, over \$556,700 was paid in salaries to employees of the University. These employees, in turn, spend that money on homes, cars, food and clothing. Over \$1,179,000 was paid to vendors, most of whom are located in the Jacksonville area. Excluding salaries, this is a daily expenditure of over \$4,500.

The average invoice paid is \$366.76. Total invoices processed reached \$3,217 and discounts taken amounted to approximately \$500.

The impact of the University in the Jacksonville area is already evident and these figures are increasing all the time.

DESKS ARRIVE

Forty-five new executive and secretary desks were delivered this week, costing the University nearly \$8,000. The desks have been assigned and will be distributed next week.

SON OF DRACULA RETURNS

The Blook Bank scheduled to collect donations for the University of North Florida Blood Reserve will be here Tuesday, August 17, rather than Wednesday, as previously noted.

The Bank will be in the conference room from 1 p.m. to 5 p.m. Please give if you are able.

NEW FACES

DR. THOMAS M. MONGAR joined our staff August 11, as the chairman of the department of political science and public administration. Dr. Mongar came from the University of Montana in Missoula where he served as visiting associate professor. He received his bachelor's degree from that same institution. He earned his master's degree and his doctorate from the University of Oregon.

Mr. Bob Wallace, University controller, gained a new secretary when CHARLOTTE ALLEN joined our ranks. Charlotte's previous job was with the law firm of Rogers, Towers, Bailey, Jones and Gay where she was assistant secretary for corporate trust. She attended Massey Business College in Atlanta and the American Institute of Banking.

OPERATION INTERCHANGE

The Operation Interchange program will be followed up today as the College of Business chairmen return the visit paid on us last week by representatives of Blue Cross and Blue Shield. Dr. Warren Rose, chairman of the department of transportation and logistics; Dr. Richard deR. Kip, chairman of the department of insurance, finance and land economics; Dr. William Arthur, chairman of the department of accounting; and Dr. Frank S. McLaughlin, chairman of the department of marketing, management and business law, will interview prospective master of business administration candidates from the employees of Blue Cross and Blue Shield.

DR. PARRISH PRESENTS RECOMMENDATIONS

Dr. James M. Parrish, dean of the College of Business Administration, traveled to Tallahassee today to meet with Dr. Allan Tucker, vice chancellor for academic affairs for the State University System.

Dr. Parrish is presenting to Dr. Tucker the recommendations made by the Advisory Committee on the Cooperative Education Program. Dr. Parrish is chairman of this committee.

BUILDING PROGRAM NATIONALLY ACCLAIMED

The University of North Florida drew praise for its fast-track building program in the current issue of Compendium, the newsletter of the Southeastern College Public Relations Association. Compendium added: "Sounds o.k. that fast-tracking provided you don't get a half fast crew."

TIMES-UNION TO RUN COLOR OF UNF BUILDING

Watch Thursday's Times-Union for color and black and white photographs of the University's building.

TRIVIA FANS ATTENTION

During the just completed fiscal year the University used 37,799 paper clips.

INVITATION REQUEST FORM

Please provide Mrs. Barbara Williams with the following information with each request for an invitation to groundbreaking.

Name: (Specify if Mr. and Mrs.)

Address: (home)

City, State:

Zip Code, if known:

Place of employment and position:

Your name:

(Submit all requests to Mrs. Williams in the university relations and development office.)
