Peabody Award Winner
Host of "Adventures in Good Music"

Dr. Karl Haas

in a piano program "Music and Humanism"

Co-sponsored by WJCT Stereo 90
Dr. Karl Haas, in his radio broadcasts of *Adventures in Good Music*, is heard by millions of music lovers throughout the world. His daily broadcasts from his New York City studio have continued for an uninterrupted run of 37 years. The program's network comprises more than 200 cities in the U.S., more than 400 stations of the American Armed Forces Network (AFN), 30 stations of the Australian Broadcasting Corporation, and a number of stations in Europe and Canada as well as Mexico City.

Renowned pianist-conductor and a student of the legendary Artur Schnabel, Dr. Karl Haas conceives, plans and hosts his show without ever using a script, delving into his life-long experience and knowledge of music, a true and lasting "love affair", as he readily admits. His choice of subjects is as wide as the repertoire of music history. From the historical to the biographical, from the analytical to the humorous, he has the world of music at his fingertips.

Dr. Karl Haas has twice been awarded the coveted George Foster Peabody Award and, in 1991, received the National Endowment for the Humanities' prestigious Charles Frankel Award. According to *The Chicago Tribune*, "Haas has emerged as the world's leading point man for serious music." The fall of 1996 marked his 37th series (biennial) of live *Adventures in Good Music* at the Metropolitan Museum of Art in New York City, a series which is sold out by subscription, with standing room only. Since 1995, Dr. Haas has been engaged to perform in a series entitled *Music & Humanism* at the Smithsonian Institutions of Washington, D.C.

**About the Artist...**

CDs and cassettes, personally autographed by Dr. Haas, will be available for sale in the lobby before and after the concert, and during intermission. Three Karl Haas albums are available: *The Story of the Bells*, *The Romantic Piano*, and *Song and Dance*. CDs are $18 each, and cassettes are $12 each. All proceeds from these sales as well as from tonight's ticket sales go to the Classical Music Scholarship Fund. We appreciate your support which enables talented but needy music students to get an outstanding college education.

Dr. Gerson Yessin, Renowned Pianist and Chair of UNF’s Music Department, to lead WJCT’s Musical Adventure Tour to Prague and Vienna, an Educational Tour with Proceeds benefiting WJCT.

WJCT Channel 7/Stereo 90 and Alpine Discoveries Tour Company are offering an educational tour with Dr. Yessin as the musical authority and lecturer. The tour begins in Prague (Czech Republic) and continues on to Vienna (Austria), home to the world’s greatest composers such as Dvořák, Smetana, Mozart, Beethoven, Haydn, and Schubert — to name but a few.

In addition to playing a public concert in Prague, Dr. Yessin will lecture tour participants about the two cities and their famous composers throughout the tour. The group will be attending concerts in both cities and will visit significant sites of music and history, including Prague Castle, Schönbrunn Palace in Vienna, the Vienna State Opera House, and the National Museum of Art and History in Vienna.

The dates of this educational tour are July 30 through August 7, 1997. The cost for the land tour is $2,150 per person/double occupancy and includes first class hotel accommodations (air-conditioned), all breakfasts and dinners, deluxe motorcoach, guides, admissions, taxes, service charges and luggage handling. Airfare for the routing Jax-Prague and Vienna-Jax on SWISSAIR is $950 plus taxes.

Persons interested in participating in this musical adventure can call ALPINE DISCOVERIES TOUR COMPANY of Jacksonville Beach at (904) 247-0378 for information.
Now in its fifth year, the Hornblowers Club is the brainchild of Larry Buchanan, immediate past chairman of the J.A.M.S. Board, the volunteer jazz board at the University of North Florida in Jacksonville.

Its objective is to increase awareness of the UNF Jazz Studies Program and to raise money for UNF scholarship fund. J.A.M.S. is an acronym for Jazz and American Music Supporters. The group numbers about 20 members and meets the first Wednesday of each month at 7 p.m. on the UNF Campus. Current members of the Hornblowers Club are as follows:

- Ron Katz, owner of Mobile Gas and St. Augustine Gas, has been a supporter of the UNF Jazz Program since the early '80s. His companies provide quality propane gas service and appliances for industrial, residential and commercial applications from Georgia to Palm Coast, Florida.

- Caral Edelberg founded Medical Management Resources in 1986 and is President and CEO of this company which provides expert services in emergency medicine, reimbursement consulting, coding and data management.

- Butensky & Cohen Financial Security, Inc., is a registered investment advisor, managing financial assets for individuals, corporations and trusts. Portfolio managers Jan Butensky and Allan Cohen, CFP, CPA, are proud to support the UNF Jazz Program.

- Robert Stockton is the owner of Prestige Cleaners, a full service dry cleaner with prompt, efficient service and a customer-friendly attitude, in the Albertson Shopping Center in Arlington. Stockton has been a long-time supporter of the UNF Jazz Program and a member of the J.A.M.S. Board.

- Baptist Medical Center, now part of the Baptist-St. Vincent's Health System, continues to be a proud supporter of the UNF Jazz Program. The new health system includes six hospitals, a nursing home, home health services, primary care centers located throughout the region, and many specialized services for individuals' and families' health needs.

- Pellegrino Porraro retired recently as Executive Vice President of Prudential Insurance Corporation of America. He has been attending UNF jazz concerts since 1991. He is especially interested in fostering the musical education for young people.

- Our newest Hornblowers are Jacqueline and Rogers Holmes. Rogers Holmes, Chairman of Holmes Lumber Company, is also known for his many other interests such as being a champion master swimmer and the working owner of a scuppernog grape vineyard. Jacqueline Holmes serves as a fine arts advisor and is active in Jacksonville's art community.

- Jacque Mullikin and her mother, Gertrude Cronin, have made a donation in memory of the late Fred Mullikin. Mullikin was a longstanding member of the Jazz Board and an enthusiastic supporter of the UNF Jazz Program. Jacque Mullikin is currently co-chairing the J.A.M.S. Board.

Individuals or corporations become a member of the Hornblowers Club by making a donation to the jazz scholarship fund. Persons interested in becoming a member of the J.A.M.S. Board or a Hornblower should call Jacque Mullikin at 285-1643 or Shirley Tschannen at 246-3585.
