Jacksonville, Florida

COPY

Dear Mr. Cunningham:

The Medical Staff of the Duval Medical Center has created an Ad Hoc Committee for the purpose of determining methods for the improvement of the Duval Medical Center. This Committee consists of both lay and medical members. I am enclosing a copy of the members of this Committee. I am happy to state that these individuals have been very active and dedicated to improving the caliber of the hospital and medical care of our community. We would like very much to explore with you the problems of common interest to the Duval Medical Center, St. Luke's and the Methodist Hospitals.

Many of us can envision a medical center in this area comparable with the centers which have developed so rapidly in Houston and other metropolitan areas. To create such a center it is necessary that we work together in the attempt to interest the citizens of our community in the development of a true medical center which could prove to be of benefit to every citizen in our midst.

Y

We would like very much to have you meet with us at a dinner meeting at the Duval Medical Center at 6:00 PM on April 30, 1968. We hope very much that you will be able to join us at this time. I would appreciate your letting me know whether or not you will be able to attend.

Looking forward to meeting with you, I remain,

Sincerely yours,

G. Dekle Taylor, M.D.  
Chairman  
Ad Hoc Committee
