OCTOBER 1, 1971

UNF GOES OVER THE TOP IN UNITED FUND

Thanks to the untiring efforts of Dr. Larry Green and Michael Powell, and the generosity of the UNF staff, we attained 100 percent participation in the United Fund. Our pledges and contributions amounted to \$2,828.32 for an average gift of \$25.94. That makes UNF the first educational institution to report in and continues our record established last year of 100 percent participation. Dr. Green pointed out that our 100 percent involvement includes both full-time and part-time employees.

FOUNDATION WORK PROGRESSING

Work on the foundations for the building complex is progressing smoothly, according to Tom Bostwick, physical facilities engineer.

Concrete has been poured on most of the foundations for the administration building and library. Re-inforcing steel is set in place and form work completed on the foundation for the classroom and laboratory buildings.

Barring unfavorable weather, Wesley of Florida, foundation contractors, should finish within the scheduled time frame.

Wednesday is the day when bids will be opened on the biggest portion of construction for the four building academic complex.

EVERYBODY TAKE A DEEP BREATH II

Dean Jim Dungan outlined for the administrative staff Friday the allocation of space in the Phase IB buildings and it's tight. We shall open with 84.1 percent of the space earned under the Board of Regents floor space generating formula. Even adding a building for the 1973-74 year, we'll begin 1975-76 with only 65.2 percent of our space needs met under the formula.

"Learn to love one another. . . togetherness will be the order of the day," was Dr. Dungan's parting comment.

NEW FACES AND CHANGES

That French-accented voice you've been hearing answer the phone this week is our new receptionist, ELIZABETH CATHERINE (CATHY) CHURCH. Cathy is French born and educated and completed a two-year correspondence course from Gaudio (College of Business). Cathy worked at May-Cohens during the summer.

The controller's office gained a new student assistant when LESLIE M. MIZELL, JR. joined the staff. He is presently a student at Florida Junior College. Previously he worked for Blicht, Gartside & Tuerk, certified public accountants.

Another FJC student is a new assistant in the library. CYNTHIA TAYLOR, spent the summer working at the Jacksonville Naval Air Station in the hydraulic shop.

TERRY GROGAN, previously computer systems analyst II, in information systems, has been promoted to the position of systems coordinator. Congratulations, Terry.

BEA GREEN, formerly OPS clerk-typist in the personnel department, will now be working full-time as a career service clerk-typist in the library.

GORDON JOHNSON RESIGNS

Gordon Johnson, University physical planning consultant in the office of planning and evaluation has resigned effective in late October.

He will be joining the staff of the University of Florida. Dr. Jim Dungan, dean of planning and evaluation, has accepted his resignation reluctantly because someone of his knowledge and experience will be difficult to replace. The search for his successor is underway.

CURSE YOU RED BARON!

Dean Jim Dungan and other members of the International Plastic Modelers Society are displaying their model planes at Rose's department store at the Expressway Mall next door. The show will continue through Saturday.

OPEN HOUSE AT FJC

Within a few days University staff members should be receiving invitations to the open house at Florida Junior College's South Campus, scheduled for Sunday, Oct. 10. This new facility is located just minutes from the UNF campus and thus is physically as well as philosophically close to us.

#0581 MISSING!

Anyone spotting a suspicious red, #0581 armless chair, seemingly homeless, proceed with caution. It may be chair #0581, missing from administrative services since it was "borrowed" recently for use in the conference room. Anyone knowing the whereabouts of said chair, should report directly to administrative services. Immediately.

DISNEYWORLD MEMBERSHIP CARDS

Walt Disney's Magic Kingdom family membership cards are now available free in Personnel. All full time employees are eligible to take advantage of these considerable savings on tickets at Walt Disney World, near Orlando or Disneyland, California.

When you leave University employment, the membership card must be returned to Personnel. Two hundred cards are now available to the University. Additional membership cards will be supplied on a replacement basis only.

Employees interested in obtaining a membership card should see Wendy Price.
