Coordinators of drug education programs from Clay, Nassau, Baker, St. Johns and Duval counties and teacher coordinators of drug education will attend.

BRIGHT IDEAS AND BONUSES

The University Awards Committee is seeking suggestions on methods to increase production, prevent waste, reduce cost, make the job easier, prevent accidents, and eliminate duplication. The Committee encourages all Career Service employees to take an active part in the State Awards Program, which gives monetary awards for useful suggestions.

When you solve a problem, you get recognition and an award. Good ideas pay. Suggestion forms are available in the poster box on the wall across from the personnel department.

However, the doctors didn't find it until this past Tuesday. Lewis went into the hospital yesterday and will be operated on today. Doctors say he should be out of the hospital by Monday. We wish him well.

SPEAKING OF
ACCIDENTS

Just this morning, Henry Bazzell, printing supervisor and stores manager, caught his hand in the AB Dick off-set printing press. After being rushed to the hospital by Tom Bostwick, Henry returned with his finger bandaged up but went right back to work. Getting a newsletter out today may be a minor miracle! Hope it heals quickly!
