Proposed Amendment

Medical and Dental Staff Rules and Regulations

Current:

26. Patients admitted to the hospital by members of the dental and oral surgery staff shall have an admission history and physical performed by a duly qualified physician who will also interpret routine laboratory work and, if surgery and anesthesia are planned, will give an opinion on advisability of these procedures.

Proposed:

26. *The rules recognize a section of oral surgery in the department of dentistry. Members of the section of oral surgery shall also be members of the department of surgery and shall be governed by the policies of that department. Clinical privileges shall be defined and based on training, experience, and demonstrated competence and judgment as determined jointly by the chairman of the department of surgery with the chairman of the department of dentistry. A physician member of the medical staff shall be responsible for the basic medical appraisal of the patient and for the care of any medical problems that may be present or may arise during treatment.*
