The varied accommodations consist of fully furnished studio, one and two bedroom apartments, as well as deluxe guest rooms, all individually decorated with colorful accents to maintain the tropical atmosphere.

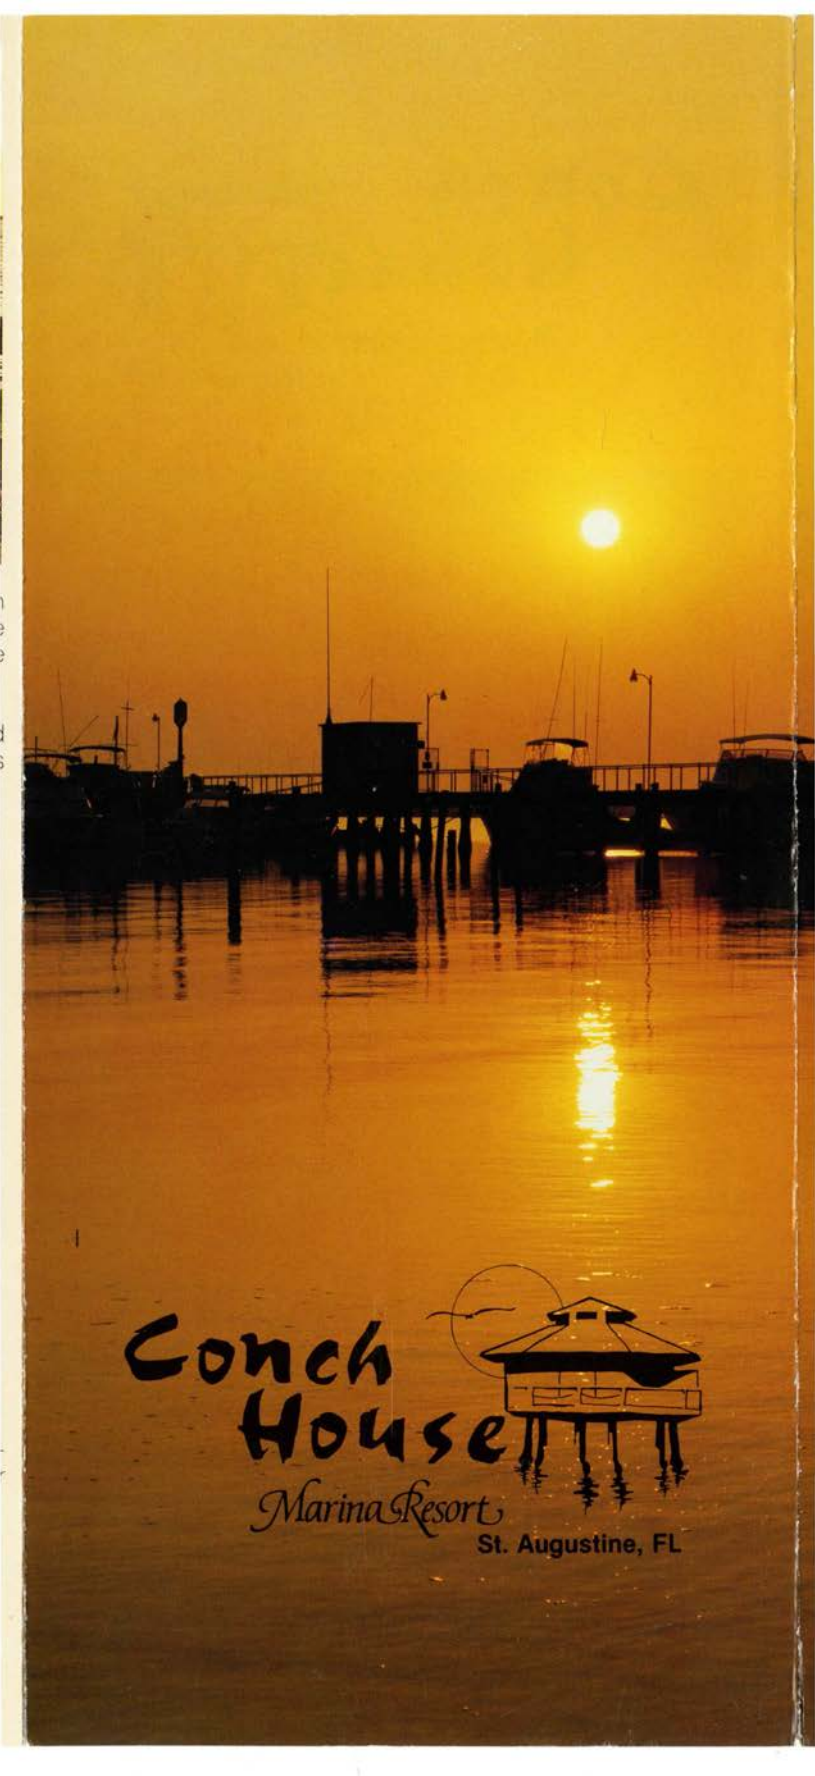

Enjoy excellent food with a spectacular view in the stately Captain's Dining Room, the palm-thatched Seminole Room, on one of the many decks overlooking the water, or in the open-air privacy of the island style sky-pods built on pilings out over the water.

The hub of activity, the famous Conch House Lounge, with its decor of nautical antiques, has become popular with yachtsmen, residents and visitors alike, a favorite gathering place to enjoy a tropical drink, warm breezes, and star filled evenings.

The Conch House deck overlooks the Resort's 60 slip marina. Complete modern facilities, a well-marked entry channel and dockage for vessels up to 100 feet have made this a favorite stop for traveling yachts as well as local and sport fishing vessels.
