

## STATE FEDERATION ADJOURNED.

The State Federation of Colored Women's Clubs adjourned last Friday in the city of Orlando, where they held their annual session, with an attendance of forty-eight delegates and officers and a large attendance of friends and spectators.

This was a splendid session, and much was accomplished in their wisely chosen work. The Red Cross movement, canning industry and Women's Christian Temperance Union work were among the measures that received the careful consideration of the Federation.

The appropriation to purchase a tomb for the grave of the late Mrs. Dorroh, founder and first president of the federation, was diverted to a scholarship in the Girls' Training School at Daytona.

The Federation was welcomed by the mayor of Orlando, who extended them an invitation to take part in the parade, which they did. The Federation will meet next year in the city of Daytona.

Special praise was given to the citizens of Orlando for their hospitable treatment, led by Mrs. E. J. Colyer, chairman of the local committee.

The officers elected to serve this year are: Mrs. Mary McLeod Bethune, of Daytona, president; Mrs. R. C. Calhoun, of the Robert Hungerford Academy, first vice president; Mrs. L. E. Morris, of Palatka, second vice president; Mrs. C. S. Tucker, of Jacksonville, third vice president; Mrs. Lucinda Arrington, fourth vice president; Mrs. B. M. Garrison, fifth vice president; Mrs. H.
