Dear Friend:-

Do you remember the cellar of your Grand-Dad? Remember too that keg of Port or Sherry that he said was as old as you were? I was only sixteen when my Grand-Dad let me taste his. So strong, it strangled me. You should have been there and heard his chuckle.

YES THAT WAS GOOD STUFF, GRAND-DAD WAS PROUD OF IT.

Your name has been given to us by a friend of yours who is a satisfied user of Huntley's Wine Grape Juice. It was requested by him that we get in touch with you at once.

From the vineyards of Northern New York, "THE HOME OF THE CONCORD GRAPE," comes the pure juices of famous wine grapes. Selected for quality of ripeness and sugar content, the grapes are then pressed, the juices are then blended with the juices of other varieties to produce the OLD AND ANCIENT FLAVORS. After the blending process these juices are then barreled and stored in treated white-oak kegs to prevent fermentation until the time that they are received by RAILWAY EXPRESS in the homes of our customers.

Please do not confuse our grape juice with non-alcoholic wines or synthetic imitations now flooding the market. Huntley's product is genuine, absolutely pure and natural, no preservatives are added. Manufactured and stored by the WORLDS LARGEST MANUFACTURER OF GRAPE JUICE, and to you at a price considerably less than others on account of our mass production and marketing system.

IT IS NO VIOLATION OF THE VOLSTEAD ACT TO BUY, SELL, SHIP OR USE OUR PRODUCTS.

You have the choice of the old flavors;
REISLING SAUTERN TOKAY MUSCATEL SHERRY
MADERIA CATAWBA CLARET BURGUNDY PORT

Our local agent will be glad to serve you. Just fill out your name and address below and return using the enclosed envelope which requires no postage.
