WOMEN OF YESTERDAY - TODAY

To define woman we find that man says she is the female part of the human race, Some say she is the route of all evil. Others say the hand that rocks the cradle will some day rule the world. But God looks upon her as the climax of creation.

Eve the Mother of mankind, Eve the mother of women has proven to us the great truth that as mother so as child. She deceived man then. She is today deceiving him. She was naked then and the style is back today. Modesty is a lost virtue, we call it Art.

Let our minds turn to a few women of the past, beginning with Mary the mother of Jesus who was honored by giving birth to the Savior of the world. It was she who first gave to the world the name Mother. Then we think of Mary Magdaline who took all she had and purchased the precious ointment and annointed our Master's feet, then wiped them with her hair, this act nas memorialized her. Then beautiful Ester who saved the Jews. Joan Ark who saved the French army while others slept. There was Mary at the Tomb and given the first command to go and tell the brethern. She has obeyed every since for they say the best way to advertise is to telephone, telegraph and tell a woman. We think of Hannah and Sarah who gave their scns to God. Mothers have you given yours? We think of the love of Ruth and Mamie upon which that wonderful organization is founded, the Household of Ruth. Do we love each other today with such love? Pilot would have not only washed his hand but his heart also had he listened to his wife. Czar's life would have been spared had he listened to his. A good woman is a jewel, a bad one is a demon. What about our own Sojourner Truth and Phillis Wheatley. Harret B. Store at Mandarine, L.C. Fleming and Alma Delaney who prepared themselves and gave their lives for others in Dark Africa. What are we doing. Are we the dog and the hay? Then here in our own City we look back at the sacrifice of Mrs. Harriett E. Emmerson. The Boylan Home is her contribution, What is yours?
