## Receives Degree

Miss Ertha M. M. White, shown above, crowned as the "Angel of Mercy" was awarded the honorary degree of Doctor of Humanity at the Florida Normal Industrial School commencement exercises held recently at the Ancient City (St. Augustine).

The degree signifies great honor and esteem. Only two of its kind are known to the public in the United States. Miss White also received a similar degree from President Franklin D. Roosevelt. She is the head of the famous Clara White Mission on Ashley Street.

Miss White is recognized as one of the State's leading characters and her many friends and acquaintances wish for her continued success.
