Dear Mrs. Walker:

This is to advise you that we have this day written a liability & property insurance policy in the Preferred Accident Insurance Company policy No. A. S. 184810 covering your new Henney Hearse which bears motor number ~~8849~~ L-291029 and serial number 8962.

This policy as written covers you against liability arising from an accident in which this Hearse might be involved from this day to one year from this date. The Preferred Accident only writes these policies for one year at a time.

We are not delivering this policy to you until we get confirmation of its acceptance from the Preferred but until we notify you to the contrary, the hearse is covered.

Thanking you for allowing us to write this insurance for you, we are,

Yours very truly,
