at any peace negotiation  
women must be at the  
table

all male interested  
women in policy making power  
" in peace negotiations  
" in community development  
"

we are faces of the social  
agenda  
look at what we  
did in the 60's:

Women are learning

• If you want to make  
change you have to  
make it yourself. —  
However, there will be

It's Not just the coats  
you buy, or the little bit of  
money, or the food, and  
the world plants the  
seeds of human  
rights

You get involved when  
women and girls  
needed the kindness  
of strangers

It's Not going to happen  
w/ govt or UN it's  
going to happen  
w/ women  
like you  
with grace like  
yours

Education brings  
with it health care as  
well.

In Iraq - the problem  
is NOT different;

DON'T SHOOT,

When people come to see  
you they should ask,  
"Are you hungry?"
