

Thank you.

I feel such great emotions at this moment. I want to thank you and the Mayor's Commission for this honor. JUDGE LINDA McCALLUM

However, there are others.

For with this poster you have honored those who have shared the journey with me.

And recognition must be given to those with whom I have walked hand in hand.

I would like to thank the women of the National Organization for Women.

And there is another group that must also share in this honor.

That group is the men and women of Planned Parenthood.

And finally, the man whose hand I have held from the first moment the journey began, my husband GRADY EARL JOHNSON, JR.
