# INTER OFFICE MEMO

TO: ALL EMPLOYEES

DATE 7/18/83

FROM: Jim Galasso  AT: Finance & Actuarial

SUBJECT: MANAGEMENT APPOINTMENT

I am pleased to announce that effective immediately Ping-Sham Pun is appointed Director of the Statistical Department. Ping has served as the Manager of Statistical since June of 1981. During the last two years, Ping has developed and organized a very professional staff which is serving various corporate areas in an exemplary manner. Ping and his staff have performed exceptionally well in their role as Systems liaison and developed reports which have become integral parts in the Actuarial decision-making process.

I am confident that Ping would also like to extend his appreciation to the numerous Systems people who supported his department in addressing and resolving many of the barriers to the results that have been achieved.

Please extend your good wishes and support to Ping in his new position.
