

March 28, 1994

To The White House Office of Personnel:

I am honored that you would request my resume, and I appreciate any consideration you may give it.

With my background in higher education, I am especially interested in appointment to the NATIONAL BOARD OF THE FUND FOR THE IMPROVEMENNT OF POSTSECONDARY EDUCATION in the Department of Education.

I have the full and unqualified recommendation and support of the President of my community college, Dr. Charles Spence.

Should you request further information, I will be glad to respond immediately. Governor Lawton Chiles, Lt. Governor Buddy Mackay, and--may I be so bold to suggest--President Bill Clinton would also have information on my ability and background.

Thank you.

Sincerely yours,
