

**Let's stop  
the snoring in  
Tallahassee.**

**Fox**

**For Dade.  
State Representative  
Dist. 110 Democrat**

## **If we want positive action for Dade in Tallahassee, let's not close our eyes to what's going on there.**

Insurance rates skyrocket out of sight, hitting the average Dade Citizen another heavy blow in the pocket.

Crime continues to spread like a cancer throughout the community.

Unemployment stagnates the economy because insufficient planning and efforts are made to bring the right kind of employment to the people of Dade.

And while the people of Dade burn, a few of our elected representatives have more important things to do than fight for effective legislation for their constituents back home. Like represent special interests seeking higher interest rates. Or attend an endless cycle of cocktail parties. Or spend most of the time lunching with lobbyists. Or put all their efforts into one piece of pet legislation and forget about all the other pressing needs of the citizens of Dade.

Or simply fall asleep in a chair while meetings are in session.

The only way Dade County is going to have strong, alert, effective representation in Tallahassee is to elect as representatives those people who have already proven their ability to get things done. People who achieve rather than merely promise. People who study and work and fight to accomplish definite objectives for the voters they represent.

People like Roberta Fox.

## **Fox for Dade. For a number of good reasons.**

### **Economy and Job Market**

For development of programs to attract diversified industry to Florida. To expand the economy. To broaden the tax base. And to eliminate the high rate of unemployment.

For development of new public works projects which will guarantee a healthy environment and eliminate urban blight.

For establishment of programs to encourage worldwide tourism gains and to make Miami the gateway to and from South America.

### **Criminal Justice**

For definitive programs to compensate victims of crime.

For investigatory commission to end terrorist violence.

For programs to deal with problems of child abuse and battered wives.

For reform of probation and parole systems.

### **Human Rights**

For establishment of multi-purpose senior citizen centers.

For establishment of family court system to promote stability of the family in Florida.

For ratification of the Equal Rights Amendment.

For programs to insure opportunity to the young and the old, and those without power or a voice in government.

### **Education**

For complete overhaul of Florida's antiquated tax structure.

For programs to insure the safety of our children and teachers in the schools.

### **Governmental Reform**

For support of the Sunshine Amendment.

For tightening of loopholes in state tax laws.

### **Consumer Rights**

For comprehensive insurance reform.

For legislation permitting local government jurisdiction over rent control, water, garbage and other services.

### **Environment**

For balanced growth with protection of endangered lands.

For protection of public's right to fresh water.

For development of a clean solar energy industry.

## **Don't disturb Sackett's sleep. Vote for Fox.**

The Miami Herald, the Miami News and political observers throughout the state have made the name Sackett synonymous with sleeping on the job.

For one thing, he is committed to only one issue... "Death with Dignity," while completely ignoring the multiple, complex social problems that concern all of us—on a daily basis.

What about his vote against the Generic Drug Bill, and other measures of critical concern?

What about crime? Unemployment? Insurance? Migrant workers? Education?

He'd rather spend all his energies trying to get through one isolated controversial piece of legislation that has very little chance of passing. But it absorbs nearly all his time, because it's been his project. For years. And years.

The real issue is not "Death with Dignity." But rather "Life with Opportunity."

## **Vote for Fox. For Dade.**

She has the intelligence and energy and integrity and courage to keep them aware and working in Tallahassee.

## **Campaign Headquarters**

4651 Ponce de Leon Blvd.  
Coral Gables, Florida 33146  
446-8318

**The real issue is not  
"Death with Dignity."  
But rather "Life with  
Opportunity."**

# **Vote for Fox. For Dade.**

**She has the intelligence  
and energy and integrity  
and courage to keep  
them aware and working  
in Tallahassee.**

## **From Coral Gables High to the University of Florida to the White House Conference on Domestic Affairs and Energy.**

A lawyer, a wife, a worker, Roberta Fox has been a strong participant in community and government programs designed to achieve specific goals.

### **Her record of achievement and participation includes:**

Appointed by Gov. Reuben Askew to the Committee on Marriage and the Family Unit  
Director: Legal Services Board representing the Community Action Agency
