Dear

The women in Jacksonville have made a significant contribution to the growth and well being of our beautiful city. We as educators, doctors, historians, and the numerous areas we represent have impacted the lives of individuals, organizations and businesses in Jacksonville.

The Mayor's Commission on the Status of Women has chosen to honor us through the years by nominating us to be pictured on a yearly poster for our individual contributions. The commission has partnered with the Thomas G. Carpenter Library at the University of North Florida to continue our legacy.

I believe in the "Jacksonville's Women of Influence" project and have made a commitment to further the history of the women honored on these posters. Please join me in making a contribution. I assure you it will be well worth your investment.

Thank you for your consideration,

Dr. Edna Saffy
