

The 3-dimensions of credibility

1. Competence
2. Character
3. Composure

Competence - interpretation based on objective information

- a. introductions
- b. vocabulary
- c. class rings
- d. facts, statistics, logic organization
- e. access to current information

Character - interpretation based on more subjective information

- a. past experiences
- b. a change in position without acceptable explanation
- c. be consistently honest
(this is the place for a lecture to students on the value of honesty)
