Dear Dr. Miller:

Having finished my course work, I am in the process of accomplishing the next-to-the-last obstacle in completing my doctorate--the comprehensives. After these examinations, all(?) that is left is the dissertation which, so to speak, I have under control.

From our previous correspondence my return date to Florida Junior College had been set for the fall term, 1975. I am looking forward to returning home again and continuing my profession there.

Please accept this letter as a formal statement of my plans to return to Florida Junior College in August, 1975. I shall notify the Staff and Program Committee; however, are there any other procedures I should carry out to prepare for re-entry into the real world?

I shall not forget all that you have done for me.

With affection,
