

608 Southeast Second Place
Gainesville, Florida 32601
February 9, 1975

Dear Dr. Miller:

I am continuing work on my dissertation and all is going well. At this time, however, I wish to finalize the plans for my return to Florida Junior College for the Fall Term,

1975.

In your letter of October 8, 1974, you stated, "The Personnel Office requires nothing from you until after you have returned;" therefore, I have not contacted them. However, I need to know the time, date, and place to which I should report. Would it be possible for you to forward me this information?

I miss you and all my colleagues and I am eagerly looking forward to being back home at Florida Junior College.

Thank you once more for your help.

With affection,
