THE ODYSSEY OF KATINOVA KALOKOVICH

by NATALIE L.M. PETESCH

'A strikingly original feminist novel about the adolescence and early womanhood of a new kind of heroine, not always and only victim but also fighter, consciously trying to shape her own destiny. The prose is rich, evocative, sensual. The pace of the story never slackens. A strong sense of place enlarges the book, the sights and sounds of Detroit and Houston, a *deux de melieu* of an immigrant Russian family, a Texas taxidermist, a working class high school and itinerant jazz musicians. Throughout we are given a heroine as believable and compelling when she is figuring out how to sketch a piano player in a bar as she is falling in love or struggling with her strongly etched parents.'
