**MEMORANDUM**

**TO:** Permanent Members of the Standing Committees  
on Platform, Rules and Credentials of the 1992  
Democratic National Convention

**FROM:** Tony Jackson  
Director of Credentials  
Democratic National Convention

**DATE:** June 27, 1992

**RE:** Convention Credentials

The Call to the 1992 Democratic National Convention establishes that "permanent members of Democratic National Convention Committees who are not already delegates or alternates shall be afforded guest seating during the period their committee report is being considered". The purpose of this memorandum is to inform you that Chairman Brown has instructed the Credentials Office to extend this guest seating privilege to cover all four days of the convention.

Your credential is a part of the credentials packet which is delivered to and signed for by your State Delegation Chair each morning of the convention at your state's delegation hotel. Enclosed is a credentials reservation form which when you return it to the Credentials Office will ensure that your guest credential will be available to you during the convention. It will be your responsibility, however, to make arrangements with your State Delegation Chair to receive your guest credential each day.

Please fill out and return the Credentials Reservation Form, as quickly as possible, to: Democratic National Convention Committee, P.O. Box 1992, New York, NY 10116-1992, Attn: Tony Jackson or in the interest of time, fax it to (212) 564-1418. Further, you can call in your reservation to my office: Tony Jackson, Director of Credentials, Tel. #: (212) 290-2003

If I can be of further assistance on this or in any way as you make your convention plans, please feel free to give me a call.
