CONTACT LENSES  
  
?????**

If the answer is yes, we have a new vision program which gives you a great way to save money. *Vision One Comprehensive Care* is a voluntary eyewear program you can use at over 3500 optical departments in Sears, Montgomery Ward, JCPenney, participating Pearle Vision Centers and other locations. The *Vision One Comprehensive Care Program* is available to all Blue Cross Blue shield of Florida active employees.

This program is administered by Cole Managed Vision Corporation.

After you enroll, you will receive a brochure detailing the benefits you are entitled to , an ID card and a convenient 800 number to call for provider locations or to answer any questions you may have.

If selected, the vision benefit program entitles you to:

	<b>Exams*</b>	<b>Frames</b> (up to \$ 100 regular retail)	<b>Lenses</b> (uncoated plastic)			<b>Contact Lenses</b> (in lieu of spectacles)
	Spectacle		Single Vision	Bifocals	Trifocals	up to \$105
Your cost	\$0	\$0	\$0	\$0	\$0	\$0
Benefit	100%	100%	100%	100%	100%	100%

\*Contact lens exams require additional fees which are the responsibility of the employee.

Premium lens options are available at a savings of 20 to 60%.

Additional purchases are available to you and your dependents at significant discounts.

Using *Vision One* is simple. When you or a member of your family (if you choose family coverage) needs glasses or contact lenses, simply go to an optical department in the Vision One network and identify yourself as a Vision One Comprehensive Care participant. Using your social security number, the optical outlet will verify your eligibility, your exact plan benefits and any fees which apply. It's as simple as that...no claim forms to fill out...no waiting for reimbursement. For a location near you call:

**1-800-334-7591**

The Vision One Comprehensive Care Program also offers you and your covered family members a convenient and economical alternative when purchasing replacement contact lenses. With the Vision One Contact Lens Replacement Program you can buy the exact brand name contact lenses your doctor prescribes through the mail...for less. Vision One carries all types and brands of contact lenses with an inventory of over 120,000 lenses. We're certain to have your prescription in stock.

These vision benefits are available when you use a participating network provider.
