TO: DISTRIBUTION AT: VARIOUS DATE: 2/10/86
FROM: KAREN HUBER AT: DIRECTOR-MEDICARE PART B
PERFORMANCE ANALYSIS
SUBJECT: ORGANIZATION ANNOUNCEMENT

As many of you know, December 1986 marks the end of our three year contract with EDSF for Data Processing service and begins the first of two optional one year extensions to the contract. As part of our CY'86 production plan, we established a project to help us evaluate these contract extensions and options for future years. This divisional project will require extensive coordination with Medicare B management in all areas.

Tom Purvis has joined the Medicare Part B team as Project Manager to help conduct this study. Tom began his career in Medicare Part B and spent five years in the division in a variety of positions, which included coordinating a previous RFP for data processing services. This background plus his experience in several other management positions in the Operations, Marketing and Systems divisions will be extremely beneficial in managing this project. Tom will be located on 15 Tower and can be reached at Ext. 6485.

Rick Davis has been promoted from Acting Manager to the Manager of Quality Assurance in Medicare Part B to manage our quality improvement programs and the End of Line Quality Review. Rick joined the plan in 1982 to assist in the transition of the South Florida Medicare B contract from GHI to BCBSF. Prior as acting manager of Quality Assurance, Rick supervised the EMC Claims and Audit units. Rick will continue to be located on 14 Tower and can be reached at Ext. 6248.

Tom and Rick will report directly to me along with Don Mixon, Manager of Technical Services. Please join me in welcoming Tom and Rick to the Medicare B management team. Your cooperation and support as Tom and Rick begin their new roles is greatly appreciated.
