SENATE LEGISLATION

NUMBER SB-94S-826

WHEREAS: Mandatory volunteer service is a contradiction in terms, and;

WHEREAS: Many students would experience hardship if involuntary servitude were imposed, and;

WHEREAS: Mandatory volunteer service demeans the spirit in which such service is rendered, and;

WHEREAS: The ability to earn college credit for volunteers service is desirable to students as long as such college credit does not become a mandatory part of the basic studies requirements at the University of North Florida and;

WHEREAS: Seeing that volunteering in the community requires no educational service from the University of North Florida and benefits the University's image in the community, such college credit shall require no fee;

THEREFORE: Let it be resolved that the Student Government Association objects to any attempt to subvert the virtue of volunteer service and mandate volunteer service for the University of North Florida students. Be it further resolved that the Student Government Association endorses the concept of earning college credit for voluntary service as long as such college credit never becomes a mandatory part of the basic studies requirements at the University of North Florida and no fee is charged for such college credit.

Respectfully submitted, Student Advocate Committee
