

August, 2007

Dear Friend,

Your generous contribution to Hillary and our campaign has given us the resources we needed for the first phase of our campaign – and the results have been overwhelming. Hillary leads in the national polls, delivered commanding performances in the debates and has the organization in place in each of the early primary states to compete and win. Your support has been instrumental in making this possible, and we cannot thank you enough.

You and I know that the next five months will be absolutely critical in helping Hillary make her way to the White House. To sweep the primaries, we must have a strong grassroots network of supporters all across the country. And right now, our goal is to do just that. But we need your help.

Over the next month, we are asking all of you who have been so generous already, to find 10 friends who can contribute a minimum of \$10 each to the campaign. Our *10 for 10* Program will showcase just how much support Hillary has across the country and help build our network and continue to raise the necessary resources to win the nomination.

We have enclosed all the information you need to reach out to your friends in the coming weeks. **We just ask that you and your friends get your contributions in by September 30th.** We would encourage you to have your friends contribute on our website, www.hillaryclinton.com/contribute, but, if that is not possible, they can also mail their contributions to our VA headquarters (Attn: Chris FitzGerald). Your help will demonstrate our broad network of supporters in our September 30th FEC filing and get these supporters engaged as soon as possible for the final months of the primary campaign.

This is just the beginning and we need to continue our hard work! During the next stage of the campaign we need to not only continue to build our resources, but also engage and energize the broad base of supporters Hillary has across the country – and we need your help to do it.

Again, thank you for everything you have done and continue to do. Together we will make history and put Hillary in the White House in January 2009.

Sincerely,

Terry McAuliffe
Chairman
