Bill Clinton, five term governor of Arkansas and the longest standing governor in the country, is running for President of the United States. His aim is to help restore the American Dream, to create opportunity and to require responsibility for all of its citizens.

Bill is running for president because he wants our children to grow up in a country that is coming together, not coming apart. He is running for president because he refuses to stand by and let our children become the first generation of Americans to do worse than their parents.

Our country is on the threshold of a new era. We need leadership committed to change and progress. Leadership that takes responsibility for solving the real problems our people face today. Leadership that will make the tough decisions that will shape the nation our children will inherit. Bill Clinton is that kind of leader.
