SUBJECT: Annual Policyholders' Meeting Preparation

I attended a planning session for the Annual Policyholders' Meeting today and wanted to provide you feedback from the meeting.

Legal has not received any formal written correspondence from the 320,000 notices that were sent to policyholders. One gentleman from Jacksonville Beach is the guardian of two children who are PPC policyholders, and he called Paula Crews to say he was attending. There have been no problems with their insurance, but the man simply "hates politics and board of directors."

Paula requested that everyone arrive at UNF by 8:15 a.m. on September 10. If you have a problem that morning, you are to call and leave an urgent aspen for Paula at x18120. I have UNF special event parking passes for you and Catherine.

Paula asked who else besides you and Catherine would be attending from Communications. Am I expected to attend? What about Scott Barker?

There is a question as to whether both Mr. Flaherty and Mr. Cascone will speak or only Mr. Flaherty. Parker said that if media representatives attend, Mr. Flaherty wants both of them to speak. She has prepared speeches accordingly. I am planning to only quote Mr. Flaherty in the news release.

If you need further information about the meeting, please let me know. Thank you.
