

Preferred Patient CareSM (PPC) Care Manager Plan

PPC Care Manager Plan Benefits

- ▶ Low copayments for many services
- ▶ Preventive care services, like routine office visits and immunizations, are covered
- ▶ Members may see a specialist without authorization and be covered at a lower benefit level
- ▶ Some covered services, like annual OB/GYN exams by network specialists, are covered at a higher benefit level and do not require authorization

About Your Care Manager

- ▶ Members and their dependents each choose a personal primary physician called a Care Manager
- ▶ The Care Manager provides or coordinates all medical care
- ▶ The Care Manager authorizes any needed specialist care
- ▶ With a network of more than 2,300 Care Managers, 20,000 specialists, and 160 hospitals statewide, members have access to quality care that's close to home

This point-of-service insurance policy replaces the need for multiple benefit plans. It is also a great way to introduce your employees to managed care. It offers preventive care coverage and predictable out-of-pocket costs with added flexibility. Your employees will be covered no matter how they choose to receive health care services.
