About CliniSanitas

We're owned and operated by GuideWell Sanitas, a partnership of two industry leaders, recognized for bringing innovative health solutions to people throughout North and South America:

 **Organización Sanitas Internacional (OSI)**—a trusted provider of comprehensive high-quality health services in South America.

 **GuideWell**, a family of forward-thinking companies focused on helping people and communities achieve better health.

With more than 80 years of combined experience and leadership, we are transforming quality patient care.

Healthcare as it should be

CliniSanitas is proud to start its American journey in Miami-Dade. We bring a fresh concept to health—based on quality, convenience and caring.

Each center offers:

 **Expert** holistic care from highly trained, respected physicians, specialists and staff—all working together to help you stay healthy.

 **Convenience** of extended hours—plus in-house lab, diagnostic imaging and prescription medications—all in one place.

 **Personalized**, coordinated approach focused on you, from teams of professionals you can trust.

What you can count on

-  **Exclusive network of highly respected physicians**, fellowship-trained and board-certified in primary care (internal, general and family medicine, gynecology and pediatrics) and a variety of specialties.
-  **Extended hours for working families:** 7am to 7pm on weekdays, plus weekend hours. Need to see us immediately? We'll fit you in, even without an appointment.
-  **In-house lab and diagnostic imaging:** It's all onsite, so you don't need to make a special trip for testing. And you get your results faster.
-  **Prescription medications:** Receive your prescription meds during your visit. Same-day delivery and automatic refills available, too. All at no added cost.
-  **Care management programs** for people with ongoing health conditions like diabetes, COPD and more. So you can manage your health more easily and get more out of life.
-  **Wellness programs** to help you with weight management, nutrition and smoking cessation.
-  **A place you'll feel comfortable:** Our facilities feature the latest scientific and technological equipment in a welcoming environment. A team member will be at your side every step of the way.
-  **A coordinated approach:** Our doctors and staff work closely in teams—to track your progress and treat you with genuine warmth and compassion.
