

The Blue Foundation
FOR A HEALTHY FLORIDA

Request For Proposals
Spring 2002

Blue Cross and Blue Shield of Florida (BCBSF) takes great pride in helping its members lead healthy, confident lives. The company also believes strongly in giving back to its communities. This commitment to caring solutions for Floridians is just one reason why BCBSF created a new philanthropic foundation, The Blue Foundation for a Healthy Florida, Inc., in 2001.

The mission of The Blue Foundation is broad enough to have a significant impact on the many different health care challenges in Florida. The Blue Foundation awards charitable grants to 501(c)(3) programs and organizations that positively impact the health and well-being of uninsured and underserved Floridians. The foundation also supports health care education, awareness and training programs and workforce preparation initiatives that address the health care challenges facing Florida today. This support is provided through a combination of grants and support for demonstration projects, research and policy initiatives, rather than directly financing the provision of health care services.

The Blue Foundation awarded its first grants in December 2001 to 16 non-profit organizations across the state. These grants are rich in diversity, from educating older adults about prescription drugs, to training physicians on women's heart disease symptoms, to improving the lives of adolescents with diabetes. With the support of BCBSF, The Blue Foundation is accomplishing its goal of providing caring solutions through grants that will educate, train and improve the lives of individuals and families throughout Florida. For more information on these inaugural grants, please visit www.bcbsf.com/ourcompany/giving.

The Blue Foundation for a Healthy Florida will award up to \$1 million annually in charitable grants during two proposal cycles in the spring and fall. Requests will generally be considered for proposals of all sizes from \$5,000 up to \$150,000 annually. Multi-year commitments may be made, depending upon the request, the need and the funds available, but the total dollar request should not exceed \$150,000. An organization that previously applied for funding may apply again during each Request for Proposals cycle.

Eligible recipients must have tax-exempt status as a 501(c)(3) organization with the Internal Revenue Service. The Blue Foundation will not award grants to individuals; fundraising events or celebrations; political or lobbying organizations; fraternal, athletic or social organizations; religious organizations for religious purposes; or to organizations that do not directly serve Floridians.

We look forward to working with you to make a difference in the lives of our fellow Floridians.
