FORUM 3 — Entman Seminar

October 24, 2006 11:00 a.m. - 2:30 p.m.

Neuro-Psychiatric Challenges in the Elderly

This program endowed by Doctors Mark and Stephen Entman to honor the life, work and memory of their parents, Sidney and Rose Entman.

Keynote Speaker: Amanda Grant Smith, M.D.

Assistant Director, University of South Florida Suncoast Alzheimer's and Gerontology Center, and Assistant Professor, Department of Psychiatry and Behavioral Medicine, University of South Florida College of Medicine, Tampa, FL.

Depression vs. Dementia

- Recognize the symptoms of depression in older people
- Recognize the symptoms of dementia, and how they both overlap with and differ from depression
- Understand the most common treatment strategies for both conditions

Managing Behavioral Problems in Dementia

- Identify the common behavioral problems in Alzheimer's disease and related dementias
- Understand the non-pharmacologic interventions for behavior management
- Recognize the commonly used pharmacologic treatment strategies.
