

Write again soon. I (Rosalie) have
been real sick, but my cold is almost well now.

Ed. Anclázie

Your letter received
and we have all held another
consultation, and the decision
is that you must not give
up your visit to us. There
will be no Christmas in
Jacksonville without your
usual presence. Nettie,
Emma and all your friends
are continually asking "When
will Aelis be here?" Now don't
disappoint us. I know you are
having a nice time with the folks
at Stoberville. Don't write to them
+ much for yourself from
either of them.
