

Thursday 1/24/18

Dearest Valentine:-

Shall only drop you a line
this morn, Was transferred to
different Block and quarters yesterday
I am now in Block H. Was trans
ferred after dark yesterday and so I
found no time for writing last eve

I am still in a Receiving Com-
pany so may be moved into other
quarters often and most any time
as soon as I am transferred into
a permanent Company I shall then
have permanent quarters as long as
I am here.

Until I tell you address my
mail as Camp Joseph E Johnston

Q.M.C.

Jacksonville Fla.

or just as you see my return address
on the envelope. Everytime a person
moves he must put in a new card
at the P.O. giving his new location.
Thus u c the P.O. always has every
mans correct address. Then if no
Receiving Company members or Block
number is given on the envelope.
They go to the card which is on file
and get the Company and address
and so if I have moved, I will get

it at once. Otherwise the mail if it had a company address and Block No. of it would go to that place and probably lay there three or four days before sending it back to the P.O. and there the P.O. upon seeing that it wasn't delivered will go to their index and get the latest address. "C" the point. It is this. The P.O. here has the latest address of every soldier in camp So while moving about so much just let them supply my Co. No. and Block no. C.

Just what U C on the front of the envelope is the safest and quickest delivery address at the present. Q.M.C.N.A. Stands for Quarter Master Corp, National Army.

Have been having quite a time with a tooth. Don't know what is the cause of the trouble unless it is festered at the roots. It is one that has been filled, one of my jaw teeth and I thought the nerve had been taken out when filled but evidently it was not, for it is very painful and so sore that I can hardly eat, in fact [?] don't chew anything, on that side. I sure won't bother much with

it for out it will come and have
one bridged in later.

The army is no place for
sore or aching teeth.

Well, How are U? I am
feeling fine this morn. I
take a T.B. Examination this
PM. T.B. is a Tuberculosis
exam. One hundred men just
left now for the ex. and 100
more of his will go this P.M.

Well, as long as a man is
in the army he must be
physically O.K. or he gets dis-
charged. Every man in camp
is required to take this T.B.
Ex. even including the officers

Well, I will close and
Write again, soon

Your Southern Kakai Lad,

Wes
